Thanksgiving Food Sort Craft

Materials Needed

- **Printer and paper** (to print pages)
- **Scissors** (to cut out pieces)
- **Glue** (to attach pieces)
- **Crayons** (or a laminator, optional)
- **Poster board or tri-fold board** (to make the display)

Directions

1. Print and cut out all pieces.

2. Prepare the display board and attach the title.

3. Glue on the category panels.

4. Cut out the food cards and recording sheet.

5. Sort the food cards and use the activity.

Teacher Tip:

For extra durability, print on cardstock or laminate the pieces before cutting. You can also add Velcro® dots instead of glue to make the cards reusable!

Thanksgiving Food Sort Craft

Assembly & Layout Guide

Use this page as a sample assembly guide.

Title Sign

Attach the "Thanksgiving Food Sort" title sign to the top center of the display.

Category Panels

Glue the four category panels to the display board (Fruits, Vegetables, Pies, Breads).

Food Cards

Use the food cards and attach them to the matching category panels (e.g., apple to Fruits, carrot to Vegetables).

Recording Sheet

Place the "My Food Sort" recording sheet in front of the display for students to use with the sorting activity.

Assembly Steps

1. Prepare a poster board or tri-fold board (as the display).
2. Attach the title sign to the top center of the board.
3. Glue the four category panels (Fruits, Vegetables, Pies, Breads) to the board.
4. Add the food cards to the matching category panels.
5. Place the recording sheet in front of the display.
